Mike,

We shopped around when considering building a biodiesel plant. Our selection of AP Innovations, Inc (API) was made based on your company's reputation, and our experience with you verified that reputation.

You and your employees have gone above and beyond the call of duty in assisting us in installing and starting up this plant. Any time we call day or night, there is someone there to assist us.

Sincerely,

A handwritten signature in cursive script that reads "Dennis Easley".
